Employee On- Boarding Portal

The Overview

New employees received information from many sources and HR had no clear picture of completion status. A single onboarding portal was designed to guide the employee from pre- hire to full induction.

The Challenges

- Checklists maintained in personal spreadsheets
- Managers unaware of pending tasks
- Documents shared through emails
- Repeated questions from new joiners

The Solution

- Digital forms for personal and policy acceptance
- Automatic task assignment to IT, HR and manager
- Questionnaire module for compliance
- Central repository for policies and guides

Solution Highlights

- Progress dashboard for HR
- Document attachment and search
- Notification reminders

The Results

- Consistent onboarding experience
- New hires productive faster
- HR workload reduced
